

8 Steps to a Safe Shopping Experience

To ensure your family's health, safety and comfort, and that of our staff during these trying times, we are implementing the following safety procedures at each of our store locations:

- **Pre-Screen & Monitoring:** We will measure our staff members temperature and assess symptoms prior to starting work each day (according to CDC guidelines).
- **Limit Store Capacity:** We will limit the number of guests inside our showrooms. Customers can make an appointment for a specific time if they choose.
- **Wear a Mask:** Staff members will wear a mask during your visit and provide you with a mask if you request one.
- **Clean Hands:** Hand sanitizer or wipes are available for your use throughout the store.
- **Social Distancing:** Staff members will practice social distancing and maintain a distance of 6 feet apart from customers.
- **Disinfect and Clean Store:** Staff will be cleaning frequent touch points throughout the day. At your request, we will clean and disinfect any surface prior to your contact with that surface.
- **Mattress Protectors:** Individual, protective mattress covers will be provided during your "test-rest" and disposed of at the end of your visit.
- **Free Pillow:** You will be given a complimentary fresh, factory sealed, pillow which is yours to take home (no purchase necessary).

If there is something we can do to help you feel more comfortable, please do not hesitate to ask. You can trust Connecticut Mattress to provide an outstanding and safe experience for you today.

Thank You.
